Workforce Development…The Road Ahead
The View From Ingalls Shipbuilding

April 23, 2014

Edmond E. Hughes
Vice President, Human Resources & Administration
Over a century of designing, building, overhauling and repairing ships for the U.S. Navy, the U.S. Coast Guard and world navies

Strategy – alignment with the U.S. Navy / Coast Guard priorities

One of the nation’s leading providers of major surface combatants (destroyers, cruisers, high endurance cutters, and amphibious assault ships) for the U.S. and international navies

Have built over 40 percent of the U.S. Navy’s current surface combatant fleet

After-market services – maintenance, repair, and overhaul – support a wide array of naval and commercial vessels

The nation’s sole industrial designer, builder and refueler of nuclear-powered aircraft carriers

One of only two companies capable of designing and building nuclear-powered submarines
Ingalls Shipbuilding at a Glance

- 11,700 employees at three sites across the Gulf Coast
- Building four classes of ships simultaneously—10 ships now in production
- One of two U.S. builders of *Arleigh Burke* Class Aegis destroyers
- Builder of record for LPD and LHA classes of amphibious assault ships
- Builder of largest USCG multi-mission National Security Cutter
- Only “Composite Center of Excellence” facility in U.S. shipbuilding – building major components for LPD and DDG 1000 Programs
